Instructions for Transferring Securities to The Timothy Initiative Inc.

As you consider your charitable giving this year, we wanted to share a meaningful option that many supporters find both impactful and tax-efficient: donating appreciated stock.

Gifting securities that have increased in value—such as stocks, bonds, or mutual funds—can allow you to support TTI's mission while potentially avoiding capital gains taxes on the appreciation. In many cases, donors may also be eligible to receive a charitable deduction for the full fair market value of the asset.

A gift of appreciated stock can make a powerful difference, enabling us to further our work to plant A Church In Every Village Everywhere (ACHIEVE) while helping you make the most of your generosity. We encourage you to consult with your tax expert or financial advisor to determine whether this option is right for you.

Instructions for Making a Gift of Stock
